2023-24 Adopted Budget

President's Message

On July 10, Governor Gavin Newsom signed the 2023-24 enacted budget, a \$310 billion state budget, which is less than a one percent increase over the 2022-23 enacted budget of \$308 billion. After two years of unprecedented General Fund revenue growth, California faces a revenue downturn due to the declining stock market, persistent high inflation, rise in interest rates, and job losses in high-wage sectors. The budget includes general fund spending of \$226 billion, a decline of more than three percent compared to the enacted budget of 2022-23. The enacted budget uses several mechanisms to close the shortfall, including funding delays and reductions from 2021-22 and 2022-23 budgets, internal fund shifts, and internal borrowing. Through these mechanisms, prudent planning, and budget resilience built into previous budgets, the State protected investments in education, health care, climate, public safety, and social programs essential to millions of Californians.

The Proposition 98 guarantee for 2023-24 is estimated at \$108.3 billion, resulting in a decrease of \$2.3 compared to 2021-22. For California Community Colleges, the budget continues to be shaped by multiyear frameworks with the University of California (UC) and the California State University (CSU) introduced in 2022-23 and the Roadmap for the California Community Colleges. The roadmap continues to be focused on student equity, student success, and the system's ability to prepare students for California's future. The budget includes a net increase of \$309 million in ongoing and one-time funds for community colleges. These changes consist of the following:

Student-Centered Funding Formula (SCFF):

- \$678.0 million in ongoing funds for an 8.22% COLA increase in SCFF rates;
- \$26.4 million increase in ongoing funds for 0.5% Enrollment Growth; and
- \$28.1 million increase for technical adjustments.

Ongoing Funding:

- \$102.3 million to provide 8.22% COLA to Adult Education Block Grant, EOPS, DSPS, CARE, CalWORKs, Next Up, Basic Needs, MESA, Mental Health Services, Mandated Costs Block Grant, Rapid Rehousing, La Puente, Veterans Resources Center, Umoja, and Child Care Tax Bailout.

One-time Funding:

- \$50.0 million to support student retention and enrollment;
- \$14.0 Workforce Training grants;
- \$10.0 million for LGBTQ+ Pilot program;
- \$5.7 million for Physical Plant and Instructional Support; and

- \$4.2 million for Equal Employment Opportunity program.

Reductions:

- \$50.0 million decrease in Student Success Completion Grant for Enrollment
- \$55.4 million decrease in 2022-23 retention and enrollment strategies; and
- \$500.0 million decrease in 2022-23 Deferred Maintenance.

Categorical Program Flexibilities:

Because of the reduction of the Deferred Maintenance funds, the State budget provides flexibility in spending among the remaining one-time funds for retention and enrollment strategies, the COVID-19 Block grant, and the Deferred Maintenance and Instructional Equipment grant.

Mt. SAC Budget

Once again, we are fortunate to end the fiscal year with a strong fund balance (reserves) due to the fiscal prudence of the College. Mt. SAC's history of prudent fund balances and efficient use of resources has allowed the College to serve its students and community at a high level while allowing careful consideration of budget plans for 2023-24 and beyond. The College's financial position to continue recovery is strong, enabling us to effectively manage the 2023-24 allocation from the State budget. Mt. SAC began a multiyear strategy in 2021-22 consisting of maintaining capacity for enrollment and support, continuing return and recovery efforts, controlling spending, strategically using one-time funds, and maintaining prudent reserves. During 2022-23, the College utilized one-time funds obtained from the SCFF Emergency Conditions Allowance in stabilizing the Unrestricted General Fund.

Mt. SAC ended the fiscal year with a \$7,279,580 operating deficit and a \$53,115,911 fund balance for the 2022-23 fiscal year. The deficit is primarily due to adjusting the Cash in County to Fair Market Value by \$8,031,483 as of June 30, 2023. Due to market conditions as of June 30, 2023, the market value of the pooled funds at the County were 95.17% of the cost value. This is a point-in-time calculation and adjustment mandated by GASB No. 31 Accounting and Financial Reporting for Certain Investments and External Investments Pools and GASB No. 72 Fair Value Measurement. The adjustment will be reversed on July 1, 2023, and a one-time revenue budget of \$8,031,483 is included in the fiscal year 2023-24 budget. When comparing the budget to actuals for the fiscal year 2022-23, the College had a negative variance of \$951,998. This variance is mainly due to the Cash in County to Fair Market Value adjustment and the 2022-23 Apportionment statewide deficit of 0.96 percent as of June 30, 2023.

For the 2023-24 year, Emergency Conditions can no longer be requested. These funds have provided one-time FTES revenue funding at pre-pandemic levels from 2019-20 to 2022-23. This allowed the College to maintain the same level of FTES funding in the Student-Centered Funding Formula (SCFF) for four consecutive years. Emergency Conditions funding was only applicable to the FTES portion of the SCFF. The Supplemental and Success allocations were calculated on actual counts of the previous fiscal year. For the 2023-24, all SCFF metrics (Base allocation, Supplemental allocation, and Student Success Allocation) must be earned and calculated on actual counts and applying the rates of SCFF established regulations.

The funding rates of the SCFF metrics have been adjusted to include an 8.22% COLA. This has resulted in a SCFF revenue increase of \$21,433,043 for the fiscal year 2023-24. The budget does not include a deficit, nor does it include enrollment growth. As mentioned above, the budget is no longer built on emergency conditions allowance for the fiscal year 2023-24. The budget provided funding increases for staffing, operating expenses, instructional capacity, and investments for an equitable and inclusive recovery.

The Budget also includes \$679,474 in ongoing health and welfare increases and a \$9,298,192 salary schedule adjustment to cover the equivalent of a 6.56% salary schedule adjustment.

State funding increases to the SCFF also provide revenue, and there are still substantial increases in state pension costs and operating expenses on the horizon. Mt. SAC has been preparing to hedge against future obligations by establishing the Section 115 Mt. San Antonio College STRS/PERS irrevocable governmental trust and has investments of more than \$12.6 million for employer's pension obligations. The College withdrew \$879,140 to help level CalPERS increases. The College continues to have solid plans to cover our OPEB Trust outstanding obligation and made an investment of \$2.5 million into the trust in the 2022-23 fiscal year. The College will make another investment of \$2.5 million in the 2023-24 fiscal year. The OPEB Trust has \$100.8 million in investments as of June 30, 2023.

The 2023-24 budget includes Unrestricted General Fund ongoing revenues of \$279,850,530 and Unrestricted General Fund ongoing expenditures estimated at \$268,264,518. This leaves a projected budget surplus of \$11,586,012. The 2023-24 expenditures do not reflect expenditures resulting from negotiations that are currently in progress.

This budget includes a total reserve of not less than 10% of total unrestricted general fund expenditures and a total ending fund balance of at least 18.5% of the total unrestricted general fund expenditures mandated by Board Policy. The 2023-24 proposed budget focuses on having excellent detail and transparency, which will assist in developing a meaningful and productive dialogue among all constituencies and will serve Mt. SAC well as we search for solutions to help manage the budget.

Looking Forward

The State Budget reflects that even with the economic picture trending down, the State recognizes the importance of our work by continuing to invest in the California Community College System. This does not mean the State budget did not provide challenges. It reduced one-time funds for Physical Plant and Instructional Support that was allocated for 2022-23. This represents a takeback of almost \$12.7 million for Mt. SAC that year. Additionally, this will be the first year since the pandemic began that we can no longer request one-time funding to support FTES losses under Emergency Conditions. The Emergency Conditions funds have allowed Mt. SAC not to feel the economic impact of funding losses due to reduced enrollment.

Mt. SAC's history of prudent fund balances and efficient use of resources has allowed the College to serve its students and community at a high level while allowing careful consideration of budget plans for 2023-24 and beyond. The College's financial position to continue recovery is strong, enabling us to effectively manage the 2023-24 allocation from the State budget.

As a College, Mt. SAC begins the year by continuing its multiyear strategy that started in 2021-22 to support return and recovery efforts, using one-time and ongoing funds. So far, these efforts have led to a full restoration of FTES in the School of Continuing Education and a strong

jump in credit FTES in classes offered by Instruction over the Fall of 2022. The impressive dedication and action by all areas to provide quality instruction and support to our students are exceptional and are reflected in these gains. We are still trending below our pre-pandemic numbers, but fall enrollment will be a good predictor for the remainder of the year. As we go through this year, we should develop a good understanding of where we are trending and what our true funding level will be as one-time emergency conditions fade out. There will be a focused effort on aligning ongoing revenue with ongoing expense using multiyear projections to inform planning as State funding protections go away.

As always, our efforts are focused on supporting the College's Mission, Vision, and Core Values, maintaining a focus on being student-centered, and providing a supporting, safe, and inclusive environment that celebrates diversity. I want to express my tremendous gratitude to all of you for the work that you all do every day to support our students, both in and out of the classroom. It is only by working together that we can continue making progress. I am honored to serve you and alongside you!

2023-24 Adopted Budget Overview

Title 5 of the California Code of Regulations requires that community college districts use budgets to monitor expenditures as part of sound fiscal management. The budget is also a management tool used to document and monitor the fiscal plan for the College. Prior to the end of the fiscal year, each California community college is required to prepare and submit a tentative budget for the Board of Trustees' approval. The College brought the tentative budget to the Board of Trustees for approval in June.

Ending Fund Balance

The College ended the fiscal year with a \$7,279,580 deficit and a \$53,115,911 fund balance for the 2022-23 fiscal year. The deficit is primarily due to adjusting the Cash in County to Fair Market Value by \$8,031,483 as of June 30, 2023. Due to market conditions as of June 30, 2023, the market value of the pooled funds at the County were 95.17% of the cost value. This is a point-in-time calculation and adjustment mandated by GASB No. 31 Accounting and Financial Reporting for Certain Investments and External Investments Pools and GASB No. 72 Fair Value Measurement. The adjustment will be reversed on July 1, 2023, and a one-time revenue budget of \$8,031,483 is included in the fiscal year 2023-24 budget. When comparing the budget to actuals for the fiscal year 2022-23, the College had a negative variance of \$951,998. This variance is mainly due to the Cash in County to Fair Market Value adjustment and the 2022-23 Apportionment statewide deficit of 0.96 percent as of June 30, 2023.

Revenues

The College receives revenue from a variety of sources. Each source may dictate the basis upon which the revenue is allocated or earned, how it may be spent, and the continuing availability of the revenue.

State revenue available to community colleges is dictated by Constitutional Amendments and enabling legislation. Proposition 98 provides specific procedures to determine a minimum guarantee for annual K-14 funding. The original legislation, enacted in 1988-89, specifying a split between K-12 and community colleges, allocating approximately 11% to community colleges, has been suspended since 1992-93, with community colleges receiving less than the statutory 11%. When the amount of funding, which would normally flow through to the community colleges, is short (for whatever reason, but primarily due to a property tax or enrollment fee shortfall), the College funding is "deficited." Contrary to what one might expect in the opposite circumstance when there is a "surplus," colleges are not allowed to keep the additional property tax or enrollment fee revenues.

Based on legal requirements and State projections of total revenues available in the coming year, the Legislature and the Governor ultimately determine an amount to be provided for community colleges. Projecting a college's revenue based on statewide allocations involves many dynamic factors and complications. Of significance is the concept of "prior period adjustments," whereby a college does not know for certain what its revenue was for the prior fiscal year until February of the subsequent fiscal year. In the First Period Apportionment Report (P-1), normally received in February, corrections made to the prior year may also modify the current year's base revenue. What eventually happens depends upon not just on Mt. SAC's enrollment, success metrics,

supplemental metrics, and State funds budgeted for community colleges but also on the actual enrollment, success metrics, and supplemental metrics of all California community colleges.

Mt. SAC's primary source of revenue comes from a combination of property taxes, enrollment fees, State apportionment, and the Education Protection Account (EPA), which equals Mt. SAC's total available revenue. Districts' state aid is reduced by one dollar for each dollar received from the EPA, local property taxes, and enrollment fees. The EPA was created in November 2012 by Proposition 30 and has been amended with Proposition 55 in November 2016. Proposition 55 extends the temporary personal income tax increases enacted in 2012 for 12 years or until December 2030.

In 2023-24, colleges may receive growth funding based on the growth formula mandated by SB 860. The primary factors of this growth formula are 1) The number of people within a district's boundaries who do not have a college degree and 2) The number of people who are unemployed, have limited English skills, who are in poverty, or who exhibit other signs of being disadvantaged, as determined by the Chancellor's Office, within a community college district's boundaries.

Apportionment revenues are calculated based on the Student-Centered Funding Formula (SCFF), effective since the fiscal year 2018-19. This formula includes performance measures to ensure community colleges are funded based on how well students are progressing. The SCFF provides funding by supporting student access through enrollment, student equity by serving low-income students, and student success by providing districts with additional resources when students reach specified levels of achievement/outcomes. Districts receive additional funding when higher-needs students reach these achievements.

The SCFF formula has three components: the Base allocation, the Supplemental allocation, and the Student Success allocation.

The first component is the Base allocation measured by the enrollment in the form of FTE (Full-time equivalent) counts. This allocation primarily includes average counts of credit FTES of the current budget year, prior year, and prior-prior year. The average counts of these FTES are funded at an SCFF established rate, adjusted by cost of leaving each year. The Base allocation also includes a basic allocation, noncredit, CDCP (Enhanced Noncredit Career Development and College Preparation), Incarcerated Credit, and Special Admit Credit FTES. The current year counts of these FTES are funded at rates established in the previous SB 361 community college funding formula, adjusted by cost of living each year. The basic allocation is funded based on the number of colleges and comprehensive centers a District may have.

The second component is the Supplemental allocation measured by counts of low-income students or students receiving Pell grants, College Promise grants, and counts of AB540 students. The prior year counts of each of these metrics are funded at the same SCFF established rate, adjusted by COLA each year.

The third component is the Student Success allocation, measured by counts of outcomes in the form of the number of students earning associate degrees and credit certificates, the number of students transferring to four-year colleges and universities, the number of students who complete transfer-level math and English within their first year, the number of students who complete nine or more career education units, and the number of students who have attained the regional living wage. Districts earn premiums for the achievements of low-income students. Only the highest award (Associate degrees, Bachelor degrees, and credit certificates) earned

in the same year, if the student was enrolled in the District that year, applies toward the counts. A student who transfers to a four-year university is included if the student completed 12 or more units in the District in the year prior to the transfer. Each metric is funded at SCFF established rates, adjusted by COLA each year. These rates have different weights or values. The counts used for funding is the average count of three years, starting with the prior year and going back two more years.

The established rates are set by statute. The 2019-20 budget recalculated the funding rates, allocating 70 percent of the SCFF funds to the Base Allocation, 20 percent to the Supplemental Allocation, and 10 percent to the Student Success Allocation. Beginning with the fiscal year 2020-21, these rates have been adjusted by cost of living each year. In the fiscal year 2022-23, the rates were adjusted by a statewide increase to the Base of \$400 million and a \$200 million Basic Allocation statewide increase. The distribution of funds across the three allocations is determined by the increases or decreases in the student counts.

The College's 2023-24 SCFF revenues include a projected increase of \$21,433,043, calculated for each component: the Base allocation, the Supplemental allocation, and the Student Success allocation. This increase is due to the increases in the 8.22 percent Cost-of-Living Adjustment (COLA) rates. Emergency Conditions Allowance protecting FTES is not offered for the 2023-24 fiscal year. The revenues do not include Enrollment Growth because the College does not budget until the Growth is earned.

Other increases and decreases to ongoing revenues consist of an increase of \$1,200,000 in interest due to the rise in interest rates, a net decrease of \$111,000 in Nonresident Tuition, an increase of \$236,509 in Lottery revenues because of increases in rates, an increase in Part-time Faculty Compensation of \$76,533, an increase of Part-time Faculty Health Insurance of \$107,865 that added to the previous year budget results in a total budget of \$458,500, and an increase of \$333,770 in Miscellaneous Revenues primarily in Mandated Cost and Parking Fines. The total ongoing revenues for the Unrestricted General Fund increased by \$22,127,580 from the 2022-23 fiscal year.

Expenditures

The most notable ongoing expenditure increases are comprised of a \$2,172,500 in annual step-and-column salary progression along with the associated employer-paid contributions, a \$679,474 Health and Welfare increase due to changes in rates and tiers primarily to cover family plans, a \$9,298,192 increase in salaries of 6.56% net of the 2% compensation adjustment budgeted in 2022-23 for all employee groups, a \$787,685 increase in CalPERS employer contributions, a \$760,463 decrease in State Unemployment Insurance (SUI) employer contributions, a \$1,408,302 in New Positions and Reclassifications for Classified and Management, a \$566,672 in New Resources Allocation Requests Phase 14, a \$221,744 in Immediate Needs Requests, a \$406,080 increase in Supply Budgets, and a \$2,000,000 increase in Rate Driven mainly due to increase in utilities. The total ongoing expenditures for the Unrestricted General Fund increased by \$14,471,809 from the 2022-23 fiscal year.

Ongoing Budget Surplus

The total ongoing Unrestricted General Fund revenues of \$279,850,530 and ongoing expenditures estimated at \$268,264,518 result in an ongoing budgeted surplus of \$11,586,012.

One-Time Revenues

The one-time revenues include an \$8,031,483 increase for the reversal of the previous year's Cash in County loss that will be recorded as a revenue increase on July 1, 2023, as previously explained.

One-Time Expenditures

The proposed budget includes a total of \$8,685,557 in one-time expenditures. The one-time expenditures primarily include carryovers, New Resources Allocations, Immediate Need Requests, Positions Funded with One-time Funds, Pilot Program for Adjunct Faculty Office Hours, Auxiliary Services Unfunded Liability, Computer Replacement Program, and Projection of Unexpended Budgets. The one-time expenditures budget also includes \$3,000,000 to fund Retirees Health Premiums, which the Board of Trustees approved on June 28, 2023.

Revenue-Generated Accounts

The Revenue-Generated accounts include funds designated for College Programs in the Unrestricted General Fund and ended with a balance of \$16,101,933 for the 2022-23 fiscal year. A portion of this fund balance, along with the 2023-24 estimated revenues of \$2,150,642, is the source of funding for the budgeted expenditures totaling \$4,282,443. This will leave an estimated fund balance of \$13,970,132 for the 2023-24 fiscal year.

Mission ▪ Vision ▪ Core Values

OUR MISSION

The mission of Mt. San Antonio College is to support and empower all students in achieving their educational goals in an environment of academic excellence. Specifically, the College is committed to providing quality education, services, and workforce training, empowering students to attain success in an ever-evolving diverse, sustainable, global society. The College pledges to serve students so they may achieve their full educational potential for lifelong learning, for attaining certificates and associate and bachelor's degrees, for employment, and for the completion of career and transfer pathways. The College will carry out this commitment by providing an engaging and supportive teaching and learning environment for students of diverse origins, experiences, needs, abilities, and goals. The College is dedicated to serving our community through improving economic achievement; advancing civic engagement and environmental responsibility; enhancing personal and social well-being; developing information and technological literacy, communication, and critical thinking; and enriching aesthetic and cultural experiences.

OUR VISION

Mt. San Antonio College strives to be a fully student-centered and welcoming campus that provides our diverse community an educational experience which is anti-racist, integrated, connected, and technologically advanced with unique and distinguished programs in an expansive and sustainable environment. We will devote energy, thoughtfulness, and passion to provide leadership in community college teaching, programs, and services. We will provide quality educational programs and support services by advancing student achievement and equity within a climate of integrity and respect through our core values. We will consistently exceed the expectations of our students, our staff, and our community.

OUR CORE VALUES

Integrity: We treat each other honestly, ethically, and respectfully in an atmosphere of trust.

Equity and Diversity: We value diversity in all aspects of the human condition. We pursue equity by empowering each person to achieve their success.

Community Building: We collaborate in responsible partnerships through open communication, caring, and a cooperative spirit.

Student Focus: We address the basic human and academic development needs of students and the community both in our planning and in our actions.

Social Justice: We serve the whole person by choosing restorative justice over discipline, offering wellness and behavioral support instead of exclusion, and actively creating an atmosphere of safety and support.

Anti-racism: We are actively and unapologetically anti-racist in all aspects of our work.

Lifelong Learning: We promote the continuing pursuit of high educational goals through equal access to excellence in both teaching and support services.

Mission ▪ Vision ▪ Core Values

OUR CORE VALUES

Positive Spirit: We work harmoniously, show empathy, and take pride in our work.

Effective Stewardship: We maintain and improve the institution and environment by efficiently using resources of time, talent, facilities, and funds.

Sustainability: We value environmentally conscious practices and prioritize the planning and implementation of activities that improve the environment.

FOOTNOTES
(As of June 30, 2023)**

- A The College recovered \$674,740 of the 2019-20 SCFF deficit. This deficit was reduced from 0.42% to 0.08%.
- B The College was under the COVID-19 Emergency Conditions Allowance for the 2022-23 SCFF FTE funding. This is the fourth year the College applied and was approved for Emergency Conditions Allowance. Emergency Conditions Allowance preserved the same level of FTE funding obtained with the 2019-20 first principal apportionment, which was high at 33,206 FTEs. The Supplemental and Student Success Allocations are not protected by emergency conditions and were calculated with counts submitted for 2019-20, 2020-21, and 2021-22, fiscal years as mandated by the SCFF regulations. In the fiscal year 2021-22, the College Supplemental counts primarily decreased in Pell and College Promise Grants, while the Student Success counts mainly increased in Associate Degree for Transfer. This resulted in a net decrease of \$1.1 million.
- C In accordance with directives from the Chancellor's Office, the College included a projected 0.96% statewide apportionment deficit for the 2022-23 fiscal year.
- D Lottery increased primarily due to increases in the rate from \$177 to \$204.
- E The interest increased due to the increase in interest rates.
- F The County Investment Pool market value was below the cost value as of June 30, 2023. Therefore, the District's Cash in County Treasury was below fair market value at year-end, and recognized a loss. This a point-in-time calculation and adjustment mandated by GASB No. 31 Accounting and Financial Reporting for Certain Investments and for External Investments Pools and GASB No. 72 Fair Value Adjustment Measurement. The adjustment will be reversed on July 1, 2023.
- G Based on actual revenues received in the 2022-23 fiscal year.
- H Miscellaneous Revenues primarily increased due to increases in Parking fines.
- I Changes in revenues and expenditures for the Revenue Generated Accounts.
- J The positive variance for full-time salaries and benefits is mainly the result of full-time faculty, management, and classified staff vacancies.
- K Reflects the ongoing cost of 6.56% (Net of the 2% compensation adjustment budgeted in the 2022-23 Adopted Budget) effective July 1, 2022, for all employee groups.
- L Mainly expenditures in electricity and gas services.
- M Unexpended Operational Budgets mainly consist of New Resources Allocations, Rate Driven, and Instructional Equipment.
- N Transfer to support Parking Services due to the decrease in students face-to-face classes.

2022-23 ACTUALS AND 2023-24 ADOPTED BUDGET – FOOTNOTES

Unrestricted General Fund

- (1) Includes total SCFF revenues estimated for 2022-23. The rates to fund the different metrics for the SCFF include a Cost-of-Living Adjustment of 6.56%, a \$400 million statewide Base increase, and a \$200 million statewide increase to the Basic Allocation. The College was under the COVID-19 Emergency Conditions Allowance for the 2022-23 SCFF FTE funding. This is the fourth year the College applied and was approved for Emergency Conditions Allowance. Emergency Conditions Allowance preserved the same level of FTE funding obtained with the 2019-20 first principal apportionment, which was high at 33,206 FTEs. The Supplemental and Student Success Allocations are not protected by emergency conditions and were calculated with counts submitted for the 2019-20, 2020-21, and 2021-22 fiscal years as mandated by the SCFF regulations. In the fiscal year 2021-22, the College Supplemental counts primarily decreased in Pell and College Promise Grants, while the Student Success counts mainly increased in Associate Degree for Transfer. This resulted in a net decrease of \$1.1 million. In accordance with directives from the Chancellor's Office, the College included a projected 0.96% statewide apportionment deficit for the 2022-23 fiscal year.
- (2) 2021-22 Full-time Faculty Hiring funds remain the same.
- (3) Reflects Lottery revenues increase due to rate increases from \$177 to \$204.
- (4) Includes estimated Interest Income Earned, Part-time Faculty Compensation, State Mandated Costs, Nonresident Tuition International and Out-of-State revenues, Parking Fines revenues, and Other Miscellaneous Revenues.
- (5) Includes operational expenditures for salaries, benefits, supplies, services, and equipment. In addition, it includes the ongoing cost of 6.56% salary increases, effective July 1, 2022, for all employee groups. The Faculty salary increase is not settled, but recognition of the expenditure is included.
- (6) As approved by the Board of Trustees on May 27, 2015, the budget includes a \$2,500,000 ongoing OPEB (Other Post-Employment Benefits Other than Pensions) contribution. The College made a \$2,500,000 contribution to the OPEB in June 2023.
- (7) The College recovered \$674,440 of the 2019-20 SCFF deficit. This deficit was reduced from 0.42% to 0.08%.
- (8) On-behalf contributions are contributions made by the State of California, pursuant to Section 22955.1 of the Education Code, to CalSTRS on behalf of Local Educational Agencies members or school employers. As such, the Chancellor's Office, in accordance with Governmental Accounting Standards Board (GASB) Statement No. 68 Accounting and Financial Reporting for Pension, an Amendment of GASB Statement No. 27, requires that the College records an equal amount of revenues and expenditures for the value of the on-behalf STRS contributions in its books.

2022-23 ACTUALS AND 2023-24 ADOPTED BUDGET – FOOTNOTES

Unrestricted General Fund

- (9) Includes \$879,140 for a Reimbursement from the STRS/PERS Trust to address increases in the CalPERS rates. In the fiscal year 2022-23, the CalPERS rate increased from 22.91% to 25.37%.
- (10) The County Investment Pool market value was below the cost value as of June 30, 2023. Therefore, the District's Cash in County Treasury was below fair market value at year-end and recognized a loss. This is a point-in-time calculation and adjustment mandated by GASB No. 31 Accounting and Financial Reporting for Certain Investments and for External Investments Pools and GASB No. 72 Fair Value Adjustment Measurement. The adjustment will be reversed on July 1, 2023, and a budget of \$8,031,483 is included for the fiscal year 2023-24.
- (11) Includes actual expenditures for commitments for Various Carryovers and Purchases in Progress (\$769,576), Immediate Needs (\$1,506,940), Positions Funded with One-Time Funds (\$666,171), Auxiliary Services Unfunded PERS Liability (\$380,909), and Computer Replacement Program (\$249,872).
- (12) Includes budget and expenditures for New Resources Allocation Requests Phases 1 to 14.
- (13) Includes the one-time cost of 2.76% for the fiscal year 2021-22. Combined with the previously approved 2.31%, it results in a 5.07% salary increase for all employee groups, effective July 1, 2021. The 5.07% comprises 3.92% from the 2021-22 SCFF plus 1.15% above SCFF. The 2.76% was paid in the fiscal year 2022-23.
- (14) The 2022-23 Adopted Budget includes a \$3,000,000 one-time allocation to pay retirees' health premiums from the Unrestricted General Fund for 2022-23. The payments were made during the fiscal year 2022-23 as planned.
- (15) The College transferred \$1,800,000 to support Parking Services revenue decrease due to the decrease in students' face-to-face classes.
- (16) Includes estimated unexpended budgets for salaries and benefits of full-time employees.
- (17) 2022-23 actuals for Revenue Generated Accounts. A portion of the 2023-24 expenditure budget is funded with the 2022-23 ending fund balance and the 2023-24 projected revenues. The projected ending balance is \$13,970,132 for the 2023-24 fiscal year.
- (18) Includes Commitments for New Resources Allocation Requests Phases 1 to 14 (\$3,603,804).
- (19) Includes Commitments for 2022-23 Carryovers Budgets (\$2,400,899) and Purchases in Progress (\$433,960).

- (20) A portion of 2022-23 Ending Fund Balance is assigned to fund the 2023-24 One-Time Expenditures as follows:

Immediate Needs Requests - One-Time Funds	\$ 828,044
Positions Funded with One-Time Funds	917,252
Pilot Program for Adjunct Faculty Office Hours	296,167
Retirees Health Premiums	3,000,000
Auxiliary Services Unfunded PERS Liability	334,735
Computer Replacement Program	250,000

	\$ 2,609,967
	=====

- (21) Board Policy (BP) 6250 Budget Management requires the District shall budget a total reserve at not less than 10% of total unrestricted general fund expenditures and that the total ending fund balance will be at least 18.5% of the total unrestricted general fund expenditures. In the fiscal year 2022-23, total expenditures account for \$276,616,630 with a 10% Board Policy Reserves at \$27,661,663 and a 19.20% ending balance of \$53,115,911. The ending balance of 19.20% exceeds the 18.5% board policy requirement.
- (22) The College ended with a negative variance of (\$951,998) for the 2022-23 fiscal year, which added to the 2022-23 Adopted Budget fund balance of \$54,067,909, results in a \$53,115,911 Unrestricted General Fund Ending Balance. The variance is primarily due to lower revenues from the adjustment of the Cash in County to fair market value and the Apportionment statewide deficit of 0.96% as of June 30, 2023.
- (23) The College 2023-24 SCFF revenues include a projected increase of \$21,433,043 which has been calculated for each of the three components: the Base allocation, the Supplemental allocation, and the Student Success allocation. This increase is due to the increase in the rates of 8.22%.

The Base allocation calculation includes a) a basic allocation, b) average counts of credit FTEs, and c) current year counts of noncredit, CDCP (Enhanced Noncredit Career Development and College Preparation), and Special Admit Credit FTEs. Credit FTEs are funded based on three-year averages. The revenues do not include Enrollment Growth. The College only budgets for Growth once earned.

Noncredit, CDCP, and Special Admit Credit FTEs are funded at rates established in the previous SB 361 community college funding formula, adjusted by 8.22% as released in the Enacted budget.

The Supplemental allocation is measured by counts of low-income students or students receiving Pell grants, College Promise grants, and counts of AB540 students for the previous year. Because the 2022-23 counts are unavailable, the budget is based on the latest counts of 2021-22 included in the 2022-23 P2 Apportionment report.

MT. SAN ANTONIO COMMUNITY COLLEGE DISTRICT

2022-23 ACTUALS AND 2023-24 ADOPTED BUDGET – FOOTNOTES

Unrestricted General Fund

The Student Success allocation is measured by counts of outcomes in the form of the number of students earning associate degrees and credit certificates, the number of students transferring to four-year colleges and universities, the number of students who complete transfer-level Math and English within their first year, the number of students who complete nine or more career education units, and the number of students who have attained the regional living wage. The counts used for funding are the average count of three years, starting with the prior year and going back two more years. The College earns premiums for the achievements of low-income students. The rates have different weights or values. Because the 2022-23 counts are unavailable, the budget is based on the latest counts of 2021-22 included in the 2022-23 P2 Apportionment report.

- (24) Includes Faculty Hiring funds of \$1,453,372 funded in the 2018-19 fiscal year and \$2,632,656 funded in the 2021-22 fiscal year.
- (25) Lottery revenues reflect a rate increase from \$170 to \$177.
- (26) Includes increases and decreases of a \$1,200,000 increase in interest due to the rise in interest rates, a \$180,000 reduction in Nonresident Tuition International, a \$69,000 increase to the Nonresident Tuition Out-of-State, a \$76,533 increase in Part-time Faculty Compensation, a \$107,865 increase in Part-time Health Insurance that added to the \$350,635 budgeted in 2022-23 resulting in a total of \$458,500, and a \$333,770 increase in Other Miscellaneous Revenues.
- (27) Includes ongoing expenditure increases of a \$2,172,500 increase in annual step-and-column salary progression along with the associated employer-paid contributions, a \$679,474 increase in Health and Welfare tier rates for all employee groups while maintaining family plan coverage, and a \$9,298,192 increase in salaries of 6.56% net of the 2% compensation adjustment budgeted in 2022-23 for all employee groups. The ongoing expenditures also include a \$787,685 increase in CalPERS employer contributions, a \$760,463 decrease in State Unemployment Insurance (SUI) Employer, a \$1,408,302 increase in New Positions and Reclassification of Classified and Management, a \$566,672 increase in New Resources Allocation Requests Phase 14, a \$221,744 increase in Immediate Needs, a \$406,080 increase in Supply Budgets, and a \$2,000,000 increase in Rate Driven primarily due to the increased cost of utilities.
- (28) The total Unrestricted General Fund ongoing revenues of \$279,850,530 and ongoing expenditures estimated at \$268,264,518 project an ongoing budget surplus of \$11,586,012.
