

Presidential Awards for Excellence and Innovation in Teaching and Learning

Faculty Opening Meeting
Convocation Day
August 22, 2014

Outstanding Basic Skills Effort: Summer Bridge Program

For effective outcomes assessment work resulting in increased persistence, success, and retention rates for underserved students.

Outstanding Curriculum Effort: Communication Department

For creating a departmental structure for assessing course-level, program-level, and support services outcomes, resulting in meaningful resources and improvements for students.

Personal Innovation: **Martin Mason, Professor** **Physics & Engineering Department**

For his effective and dynamic pedagogical approach in Electronics 10 that couples project-based learning with authentic assessment in a way that integrates critical thinking with documentation and presentation skills.
